

Lava™ All Zirconia Dental Restorations

Cost Effective

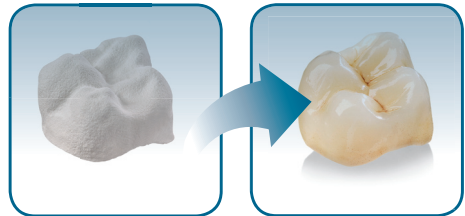

Strength

guaranteed

Lava™ All Zirconia Dental Restorations for just **£120** per unit!

Introducing Lava™ All Zirconia Crowns, the minimally invasive, cost-effective all zirconia restoration from 3M ESPE. Indicated for the posterior region and ideal for patients with bruxism. This solid zirconia restoration eliminates the need for a porcelain overlay providing your patients with an aesthetically pleasing, strong and stable restoration.

Call Beaver Dental Technology on 0113 261 3421 for further information!

Advantages

- High strength = 1,000 Mpa
- Durable when compared to Li-disilicate restorations
- Aesthetic alternative to precious metal
- **Minimally invasive** tooth preparation in comparison to other material alternatives
- Competitively priced
- 15 year warranty on restoration breakage
- 'Earn as you indicate!' Compatible with Lava Loyalty Programme, 1 Unit = 1 Loyalty Point

Indications

- Single Unit Crowns
- Particularly suitable for bruxism patients
- Minimal tooth preparation - suitable for patients with little inter-occlusal space

Only **£120** per unit!
